## Church Family News for Prayer

### Please pray:

For a number of people who are considering being baptised; that the Lord will guide them in their thinking, and help them as they share the decision with family and friends.

For those people with on-going health problems such as Cynthia and Owen. Some still manage to attend the morning services, while others are at home or in a home. Hospital appointments can involve long waits and be tiring.

**Ann Scott** (Dee & Tim's friend) has been struggling with some health issues too and feels exhausted. A specific prayer request would be that she can get her diabetes under control.
