

KOSMIC at home

If you are in KOSMIC, ask a grown up to help you with some of these activities, reflections, songs and challenges so you can keep learning about God throughout the week.

1

Who is the cleverest person that you know? Who is the wisest person that you know?
What's the difference between being clever and being wise?
What makes someone wise?

2

Learn from the Bible

Read the Magi's story (Matthew 2). Watch the story.

What is amazing about this story? The Bible tells us the Magi's story. Can you tell find something to tell the story of the Magi's gifts? What can you find that is like gold? That is like a perfume? That is like a spice? Could you act out the Magi's story with your family?

How do you think the Magi felt at the start of the story? How did they feel at the end of the story?

God changes people's lives and can do things that seem impossible. Who do you think was changed in this story?

Consider the story again and what it might mean. You could make the craft and have a decoration to remind you of the Magi's story.

If you'd like to do the craft, you need some lollipop sticks and glue.

Respond

The Magi had an amazing story to tell about how God helped them to understand. They were wise but they realised that they didn't know everything. Think about things that you don't know, talk to God about them. You **may** want to tell a grown up what you prayed about.

Challenge

Talk to someone about Jesus - The Magi, were wise and important, yet they still realised that there was more to their story. Talk with someone (a youth leader or a family member) about how they to find out more about Jesus - what questions they asked and what answers they received.

We are thinking about: The Magi's story
